

**2017 ADMIRALTY SECONDARY SCHOOL  
PARENT SUPPORT GROUP (PSG)**

Our Parent Support Group (PSG) was formed in 2012 to forge closer ties between the school and parents, with the aim of benefiting our children. The objectives of the PSG are to involve parents in their children's education process, gather support and reinforcement on school activities and tap on the expertise of the parents in areas that they can help in. Through the PSG Tea Session Meetings with School Leaders, our school leaders, staff and PSG members come together to understand and discuss school initiatives and programmes. Many enthusiastic parents have offered their help at various school events. The active involvements of parents in school activities such as the Open House, Meet Parents Sessions, Admiral's Run, National Robotics Programming Competition (Parent-Child Drone Challenge), Secondary 1 Dragon Boating, Learning Journeys to Higher Institutions, National Day (Bonding with Sree Narayana Mission Residents), 15<sup>th</sup> Anniversary Homecoming, OWL Programme and Staff Appreciation Day have a significant impact on the development of our students.

The PSG Executive Committee Members, headed by by Mdm Joey Ching as the Chairperson and Mdm Cindy Tay as the Vice-Chairperson, had outlined the goals for the PSG and organised meaningful activities for parents this year. The PSG Level Representatives (Secondary 1 to Secondary 4) helped to disseminate information pertaining school activities, new Ministry of Education (MOE) policies, cyber wellness and parenting skills to other parents. The structure has enhanced a 2-way discussion between the school and members of the PSG.

The school and PSG would like to extend our invitation to you to join in this meaningful partnership. If you are keen to join our PSG, please fill in the following.
